The STEM (Science, Technology, Engineering, and Math) Program at Allen East gives students a project-based and student-centered learning environment with a focus on 21st century skills.

On Tuesday, February 19 from 4:30 - 7:00 pm, Allen East students will hold a STEM showcase in the Commons area. Unlike a science fair where all students display individual projects, the STEM students will present projects worked on collectively. Projects on display will include live 3D printing, Robotics and Coding.
